Commissioner for Patents

The amendment filed 12-22-2006 fails to comply with 37 CFR 1.121 (c) (4) (i). The status of the claims should indicate that they are withdrawn, as a result of the restriction of 5-17-2006. Additionally, applicant has not addressed the restriction requirement of 5-17-2006. Appropriate responses include arguing that the restriction was improper, or filing a divisional application with the non-elected claims. Applicant's traverse of the requirement for restriction in the reply filed on 7-17-2006 is acknowledged. The traversal is on the ground(s) that the elected and non-elected inventions both have a novelty index value. However, the elected and non-elected inventions have a different novelty index value, and the search for the elected novelty index value would not necessarily include a search for the novelty index value as amended.

The requirement is still deemed proper and is therefore made FINAL.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
